

DAF YOMI 4 KIDS

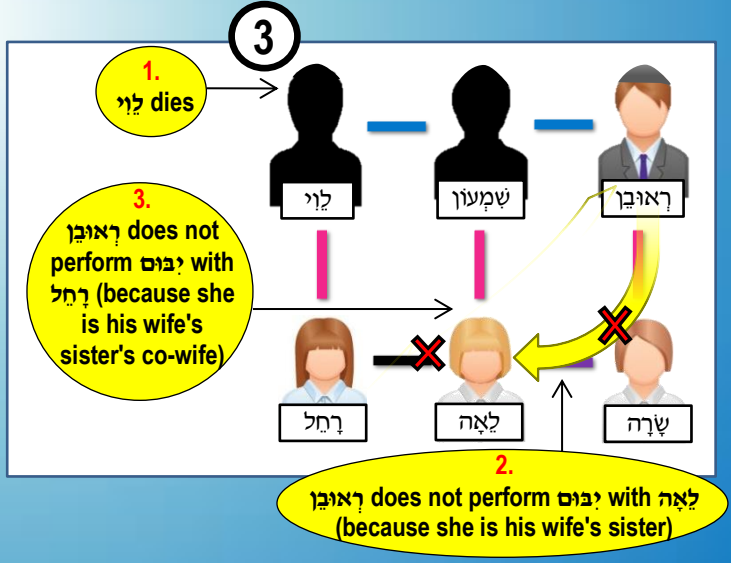

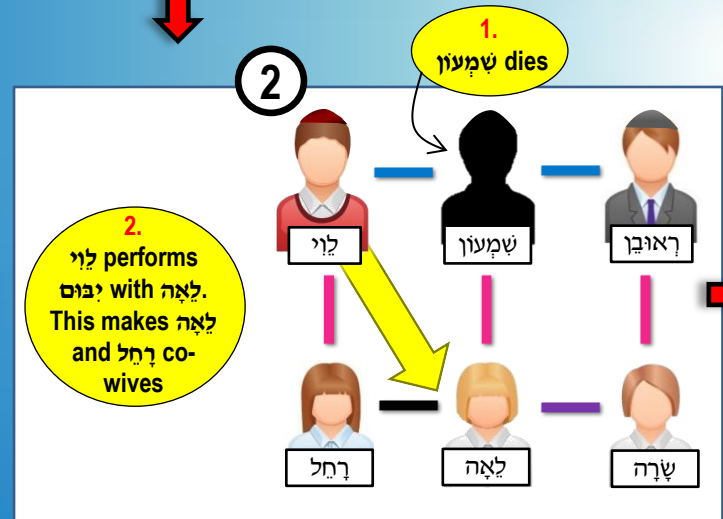

מסכת יבמות דף ל

Inside the Daf

The case of שלשה אחין (3 brothers)

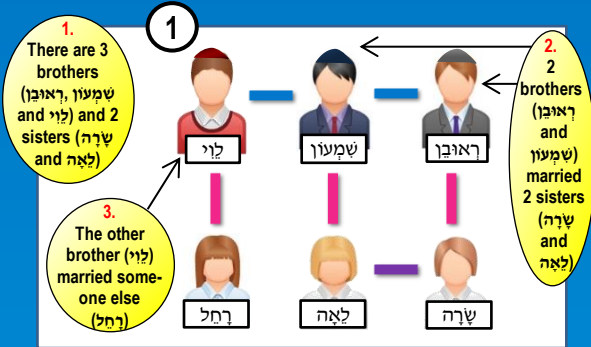

The משנה talks about three brothers, two of whom married two sisters. The third brother marries someone not related to the sisters. See the diagram on the side and below for a full illustrated description of the case. Remember: you can't perform יבום (levirate marriage) with your wife's sister OR with your wife's sister's co-wife!

The Divorced Sister

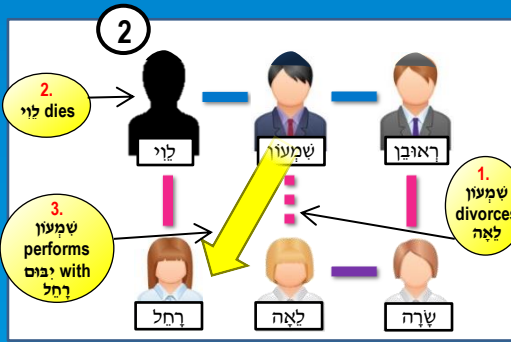

See the diagram and notes for an illustration of the מִשְׁנָה's case.

WORDS OF THE DAY:
וְכִּי תֵּימָא
"AND IF YOU WILL SAY"

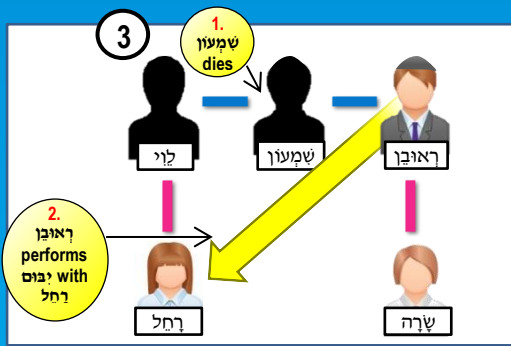

Did You Know...

This דף (page) contains an unnecessary מִשְׁנָה. Even so, it was not removed from the Talmud.

Because שמעון divorced לאה, רחל never became לאה's co-wife. Therefore, she never became the co-wife of ראובן's wife's (שרה) sister.

רחל was never לאה's co-wife. Therefore, she was never the co-wife of ראובן's wife's (שרה) sister. (One may not perform יבום with the co-wife your wife's sister)

A מְדוּת Moment

"What are you doing, Steven?"

"Oh, I'm researching a topic for the Torah Fair that interests me: life after death"

"That's pretty heavy stuff," said Arnold.

"You should do something more practical like the laws of keeping kosher, or something like that."

"I'm not sure I agree with you," said Steven.

"The compiler of the מִשְׁנָה, רבי, sometimes taught certain lessons before others just because he liked them more. If we are excited about a certain Torah topic, it may be proper to learn it first before learning other sections. The more excited one is about a topic, the better he or she retains the information and passes it on to others."
